

Frontwave Machine - Blackest Boots

Bright
Bright grey
Grey
Dark grey
Black
Blacker
Blackest boots

Clouds of toxins in the air
Acid rain is bleaching our hair
Global warming - sunny days
Last dives into drying lakes
Meanwhile Gulf Stream's slowing down
Islanders are going to drown
Child labour and slavery
Greed for gain brought to extremes

We return back to our roots
Walking in our blackest boots
We return back to our roots
Walking in our blackest boots

Girls are laying batteries
Sexual murders daily routine
Knife attacks and killing sprees
Benefitting gun lobby
Christians, Muslimes, Jewish corps
Are involved in Holy War
In search of divinity
They lost all humanity

We return back to our roots
Walking in our blackest boots
We return back to our roots
Walking in our blackest boots
